All prospective students who hold a **foreign qualification** (non-Italian system) are considered international students. Procedures may differ depending on whether you are:

- a **non-European student applying for a study visa (Visa student)**;
- an **Italian, European or equivalent student** already residing in Italy or another European country.

## ADMISSION PROCEDURES

The admission process consists of different steps, which vary depending on your status.

- 1) **PRE-EVALUATION: all international students** must submit a pre-assessment application to be admitted in a UNIVPM program. This also applies to students with foreign degrees who are already enrolled in courses of study in Italy and want to apply for transfer at UNIVPM.
- 2) **PRE-ENROLMENT: Visa students** need to submit a pre-enrolment application in the national portal [www.University.it](http://www.University.it) to request for study visa. Procedure generally starts from mid-March.
- 3) **ADMISSION TEST FOR RESTRICTED ACCESS PROGRAMMES:** Some programs (eg. Medicine and Surgery) have a local or national quota, meaning that to gain access, one must pass an admission test and be awarded one of the available places. Admission rules and deadlines are governed by specific notices available on our main website [www.univpm.it](http://www.univpm.it)
- 4) **ENROLMENT:** The last step is the registration phase, scheduled to begin in mid-July 2025. **Visa students** must have obtained a student visa to begin the matriculation application. Further info in the dedicated pages.

### IMPORTANT NOTICE ON ENTRY REQUIREMENTS AND APPLICATIONS

- Each application is assessed individually based on number of different elements (e.g. academic performance, previous studies, motivation, etc.). Possession of the academic and language requirements indicated in this document is **NOT a guarantee of admission**
- Before applying, please check our list of **international qualifications valid for enrollment (by Country)**
- The assessment is valid only for the year 2025-26, and previous assessments will not be considered, as requirements may change over time.
