

MINIMUM ENTRY REQUIREMENTS FOR QUALIFICATIONS AWARDED IN FOREIGN EDUCATION SYSTEMS (non-Italian).

The **International students' admission office** wants to help prospective students with foreign qualifications to understand whether their high school diploma or bachelor's degree is suitable for admission, according to the Italian regulation (see Annex 1 and 2 of annual [Ministerial Circular](#)) and according to any possible change in the corresponding foreign education system.

The information listed below **are for reference only**: even if your Country is not included in the list, you can still apply and be evaluated.

Please, be aware:

- **Positive pre-evaluation from each course's didactic commission doesn't imply an automatic right to admission**: the decision on whether the qualification submitted complies with the formal requirements, authenticity verification and allows access to the degree programme of your choice **rests with the International student's admission office**.
- In addition to meeting formal requirements, **each didactic commission may establish additional admission requirements**.
- **Don't' forget to comply with the language requirement according to the course of your choice**: Italian B2 level for courses taught in Italian language; English B2 level for courses taught in English language (see call of application for restricted access courses).
- **If you're an Italian student and you achieved an international or foreign qualification**, your title allows you to enrol in Italian Universities only if you attended at least 2 years, with a positive result, in the foreign education system.
- If the Institution that awarded your **diploma or degree provided you with a document(s) which contain security features that make the documents digitally verifiable in a secure way**, please upload such original digital document(s) during pre-enrolment/enrolment procedure.
- Higher education qualifications must be issued from an **official accredited institution recognized from the authorities of the country where is established**. In case it is impossible for us to verify the accreditation, we will ask you for further documentation.

PLEASE NOTE:
